ABOUT US

ABILITY COUNTS, INC. was organized by a group of concerned educators and employers who saw a need for a community workplace for adults with developmental disabilities that would provide an opportunity for meaningful work, high production and quality employment training. Ability Counts, Inc. was founded as a private non-profit, public benefit, 501 © (3) California Corporation in 1980 and continues to grow steadily by offering more employment and training options and servicing more people with developmental disabilities.

Mission: We advocate and promote a partnership with people with developmental disabilities for the purpose of assisting them to gain access to quality vocational skills, vocational choices, appropriate competitive employment and social integration.

ABOUT US

Ability Counts, Inc. proposes to develop a partnership network between local industry and those enrolled in our instructional programs. We will demonstrate that people challenged by vocational disabilities DO HAVE ABILITIES WHICH, if harnessed appropriately, DO COUNT AS WORTHY OF FULL EMPLOYMENT and deserve a chance to acquire personal equity and reduce their reliance on state and federal assistance.
