ABILITY COUNTS, INC.

Ability Counts, Inc. is a job training and employment center for individuals with developmental disabilities. In April 1980, *Ability Counts* was founded as a private non-profit organization with one employee performing custodial maintenance at Systems and Applied Science in Anaheim, California. In August of 1980, *Ability Counts* was incorporated in the State of California, and it continues to grow in employment and training options as well as in the number of persons with disabilities served.

STAFF QUALIFICATIONS

- ✦ 21-years or older
- ✦ Valid California Driver License
- ✦ Clear comprehensive background check
- ✦ CPR/First-Aid (*Training Provided*)
- ✦ Non-Violent Crisis Intervention (*Training Provided*)

LINE TRIMMER

TRAINING

Over the last several years, *Ability Counts* has continually "broken ground" in training and conducting job placement services for individuals with developmental disabilities.

LANDSCAPE MAINTENANCE

One of these specialized areas is the community based *Landscape Maintenance* program. *Ability Counts* teaches employees safe use of 21" walk mowers, edges, line trimmers, wide area mowers and riding mowers. Employees learn basic landscape procedures for cemeteries, commercial buildings, City of Riverside parks and residential sites.

RIDER MOWER
